Observations... From Around Town

(BY JAY WHOZIT)

The very pleasant "summer in January" finally came to an end last weekend when winter in all its fury descended on the Southland in general and Bay St. Louis in particular, with temperatures below the thirty mark... but we must admit the ice-covered roofs, trees, and fields were beautiful to see, and the majority of the younger generation were wishing for snow... confidentially, we would like to have seen snow ourselves... this week we celebrate the thirty ninth anniversary of the founding of Boy Scouts of America, for these boys of today will be our leaders tomorrow—for our youth of today, "to live and learn" is not enough, but to live and learn in freedom and cooperation is the promise of a bright future for community "leaders of tomorrow"... we are proud of the work of our boy scouts, whose work is to help others, and to keep themselves physically strong, mentally awake and morally straight. Let's hope their organization continues to grow and prosper... Pete Porter says that if it's a new Pontiac you're interested in he has a new 1949 model now on display at his show room on Ulman Avenue and will be glad to give you full particulars as to price and delivery... also Ben Hill has a new '49 Oldsmobile on display at his place of business South Beach... according to reports, tickets to see the Jax Girls Basketball team in action at Bay High Gym this Friday night are selling like "hot cakes"... several affairs for the benefit of the March of Dimes Fund were given by various organizations throughout the County and regardless of the amount realized we are quite sure the committee in charge appreciates these gestures of cooperation on the part of the public and we ourselves want to commend those who helped... we understand the recreation center for the local teenage organization is just about complete and ready for occupancy and use by the youngsters... we think that this work for the benefit of our local youth is most important, not only in our town but in all towns, because it is the surest way to combat juvenile delinquency, and to prepare our youth of today to take up where we leave off... Mississippi State tax revenues, according to reports, continue to increase, with the biggest single increase being the sales tax, which of course, indicates that business is by no means, falling off in Mississippi... traffic crossing the highway bridge on last Sunday received some rough treatment due to the ice-covered roadway, with cars piling into each other, because when the brakes were applied, the cars would simply slide on the ice, fortunately no serious damage resulted from this unusual weather... Chief of Police Frank Hobbs and Patrolman Aline Saucier, did a splendid job Sunday—staying on the job at the foot of the bridge, all day in freezing weather, slowing down traffic and advising drivers of the danger lurking ahead of them with the surface of the bridge a sheet of ice... Doc Dickson's new drug store building is gradually taking shape and should be ready for occupancy by springtime... just a tip to all auto drivers—traffic regulations are being enforced... so much so that a ticket was given to one of our prominent business men for parking his car with the back wheel not six inches over the line of a parking space... Mayor Carver, parking over a line is not the most serious problem which confronts you as the law enforcement officer of the City.

Boy Scouts and Knights Of Columbus To Attend Mass Sunday In A Body

February 6th to 12th, is Boy Scout Week and in an earnest desire to encourage the boys of the Parish of Our Lady of the Gulf who are members of the local Scout Troops, the members of the Knights of Columbus will attend 7 o'clock Mass in a body and receive Holy Communion with the members of the Boy Scouts.

The members and the scouts will assemble at the Knights of Columbus Home on Main Street, at 8:30 a. m. From there they will march to the Church. Immediately following the Mass, the parade will form for the return to the Home, where breakfast will be served.

In order to further show their interest in the work of the Boy Scouts, a program has been arranged for a joint meeting of the Scouts and the Knights of Columbus on Sunday night, February 6th, at 8:00 o'clock at the Knights of Columbus Home. The members of the Knights of Columbus are invited to bring the members of their families on this occasion. Refreshments will be served.

The members of the Boy Scouts who are not Catholics, are invited to attend the breakfast following the Mass at Our Lady of the Gulf Church, and to attend the social on Sunday night.

Students of Local Schools Eligible For Elks National Essay Competition

The Benevolent and Protective Order of Elks announces a nationwide essay competition on the subject "Why Democracy Works." High School students (ninth to twelfth grades inclusive) are eligible to compete. \$2350 of awards in U. S. Government Savings Bonds, at maturity value, will be given.

Gulfport Lodge of the Order of Elks will also make the following awards for the winners from the high schools under their jurisdiction: First award will be \$100 bond; second award will be a \$50 bond; third award will be a \$25 bond. The winning essay in this district will be entered in the State Competition. The Elks State association will make the following awards first, \$100 bond; second a \$50 bond; and third a \$25 bond.

The grand winners will receive the following awards offered by the Grand Lodge Activities Committee of the Elks: first award will be a \$1,000 bond; second place will be a \$500 bond; third will receive a \$250 bond; and five awards each a \$50 bond, will be given.

Any student enrolled in a grade from the ninth to twelfth, inclusive, of any public parochial or private school, and who is a resident within the jurisdiction of the Order, is eligible to compete.

Essays must be not less than 300 words nor more than 750 words in length, and must be the original work of the contestant. It is understood that any manuscript prepared in the whole or in part by any person other than the contestant will be ineligible for an award.

Manuscripts must be written in ink, in the contestant's own handwriting, and on white paper 8 1/2 by 11 inches in size, using one side only. The signature of the author and his or her address must appear at the end of the manuscript.

Manuscripts must be accompanied by a brief sketch stating the date and place of the author's birth; names of parents or guardians and their addresses; grade and school in which the author is enrolled; and school activities participated in by the author. The manuscript and biographical sketch must be bound at the left in a suitable binder or cover 8 3/4 by 11 1/2 inches in size.

Entries must be filed with the Secretary of the Gulfport Lodge No. 978 on or before MARCH 1, 1949.

All manuscripts will become the property of the Benevolent and Protective Order of Elks of the United States of America.

Entries will be accepted from the following high schools which are in the jurisdiction of Gulfport Lodge No. 978: Bay St. Louis High School; St. Joseph's Academy; St. Stanislaus; Pass Christian; St. Pauls; Orange Grove; Lyman; Saucier; Success; Woolmarket Long Beach; Gulfport; St. John's, Gulf Coast Military Academy and Dedeaux.

The purpose of this competition is to encourage students to study democracy in operation, to appraise democracy in the light and achievements and the hope that it holds for the future.

CONTRACTORS DISCUSS ADOPTION OF BUILDING CODES

Mayor W. J. Carver, called a meeting on Friday night of last week of all building contractors, plumbers and electricians for the purpose of discussing the feasibility and advisability of adopting uniform building, plumbing and electrical codes.

After much discussion for and against the proposed move it was decided that each group represented a committee for the purpose of further studying the matter.

In attendance at the meeting were R. H. Tucker, Jackson, chief engineer representing the Mississippi Rating Bureau and approximately 50 men representing the trades division of the city.

George Stevenson Named Red Cross Drive Chairman

The annual Fund Campaign Drive for the American Red Cross will start on March 1st. The local Chapter is making arrangements for the drive.

Mr. Roger Boh, Chairman of the Bay St. Louis Chapter called a meeting of the Executive Board, and Mr. George Stevenson, has been named Drive Chairman for 1949.

Mr. Stevenson is a prominent business man of Bay St. Louis, who is active in the civic and business affairs of the County. He will select his co-workers and will call the necessary organization meetings, prior to March 1st.

S. J. A. CARNIVAL BALL TO BE HELD FEBRUARY 25TH.

Much interest is being centered in the Annual Carnival Ball, sponsored each year by the St. Joseph Academy Mothers Club and at this time many are guessing, as usual, as to the identity of the King and Queen.

According to the various committees the theme and stage setting of the ball is quite a departure from that of previous years and bids fair to be one of the most brilliant balls yet staged. The public is still only in the guessing stage.

It is hoped by the committee that the public, who has in the past patronized the balls so generously, will not forget to help the prime object of the ball is to help the school financially and that they will put much energy and interest in that side of it as well as the entertainment it affords.

So meet your friends at St. Joseph Memorial Hall on Friday, February 25 at 9 o'clock p. m. and see King and Queen, see your friends, dance to the strains of good music and contribute to a good cause.

St. Stanislaus Boys and Girls Win Invitational Basketball Tournament

The Industrial High School Boys and Girls basketball teams reached the finals of the Bay Hi Invitational Tournament, but ran into some stiff opposition and the boys lost to St. Stanislaus 33-15 and the girls to Kiln 48-44.

Coach Pete Burges Rocks led Industrial 26-7 at the half time and allowed the losers only 5 field goals during the entire game. Playing a man to man defense, the Rocks didn't allow Industrial many chances to shoot and David, Ladner and Zambrano kept the ball in their possession. Practically every shot made by either team was recovered by one of the three players.

Charlie Ladner was high scorer with 10 points, followed closely by David with 9 and Zambrano with 8. The girls championship playoff was a scorcher from start to finish. At the end of the first quarter Kiln was leading 12-11, but at half time Industrial was out in front 22-21 and at the end of the third period it was Industrial 34-32. J. Haas of Kiln was high scorer with 26 points, followed by Lee with 23 points.

St. Stanislaus reached the finals by virtue of defeating Dedeaux and St. Martin. Pre-tournament favorite was St. Martin.

Kiln Girls also defeated Dedeaux and St. Martin to advance to the Saturday night playoff and the Championship.

Other games in the boys division saw Sellers defeat Bay Hi, Industrial upset Pass Christian, Kiln bow to St. Martins, and Stanislaus take 2 point thriller from Dedeaux.

In the girls division Bay Hi took Sellers 29-27. Industrial defeated Pass Christian, Kiln defeated Dedeaux, and St. Martins trampled St. Joseph Academy.

After the championship games, trophies were presented to the champions by Mayor Warren J. Carver.

St. Margaret's Daughters To Hold Bazaar February 10th.

St. Margaret's Daughters held a Bazaar before Christmas, and many articles and beautiful pieces of fancy work were not sold at that time. They will hold another bazaar on Thursday, February 10th, 1949, from 2 to 5 p. m. at the luncheon room on Second street, and the public is invited. In addition to articles mentioned above there will be delicious cookies and pralines and other sweets for sale.

N. C. C. W. To Hold Meeting Wednesday, Feb. 9th.

Members of the Bay St. Louis District of the National Council of Catholic Women will meet in Bay St. Louis on Wednesday, February 9th. The meeting will be at 3 p. m. at St. Margaret's Luncheon room, with the local chapter of St. Margaret's Daughters as hostess.

If you belong to any Catholic Organization you are automatically a member of the N. C. C. W., however, Mrs. George Guilbault, president, cordially invites all Catholic ladies to attend this meeting.

STATE BOOKMOBILE TO BE AT LIBRARY SATURDAY MORNING

The first State-owned bookmobile will visit Bay St. Louis on Saturday, February 5 from 9:30 to 11:30 a. m. The bookmobile was bought by the Mississippi Commission to be used in taking books from the Library Commission headquarters in Jackson to the public libraries in the state, thus supplementing the services of the local libraries, and enabling them to have more books for a greater number of people. Rural schools and rural residents particularly benefit by having access to more books.

The bookmobile will make periodic visits to public libraries leaving a selection of books on one visit and picking them up and leaving others on the next visit. The books may be used by the town and county patrons of the Bay St. Louis-Hancock County Library. Anyone in Hancock County may ask the Bay St. Louis-Hancock County Librarian to borrow books that they are particularly interested in.

The Library Commission Bookmobile will be parked near the Bay St. Louis-Hancock County Library, third block of Main Street, on Saturday, February 5, between the hours of 9:30 and 11:30 a. m. and the public is cordially invited to come and see this "travelling library" and learn something of its services.

Mr. and Mrs. Joseph O. Mauffray To Celebrate Golden Anniversary February 8th.

Mr. and Mrs. Joseph O. Mauffray will celebrate their golden wedding anniversary on Tuesday, February 8th, 1949. They will renew their marriage vows at Mass at 9 o'clock A. M. at the Church of Our Lady of the Gulf, with Right Reverend Monsignor Andrew J. Gmelch as the celebrant.

An invitation is extended through this medium to the friends and relatives of Mr. and Mrs. Mauffray to attend Mass with them on this occasion, and to attend the reception which will be held at the home on Main Street from 4:30 to 6 o'clock on Tuesday evening.

Ortte Theatre Sold To Charles P. Zerr, New Management Takes Over Sunday

The Ortte Theatre has been sold to Mr. Charles Zerr of Bay St. Louis. Mr. Zerr will take over the operation of the Theatre on Sunday, Feb. 6th. The new owner has been in the theatre business practically all of his life. He started with Warner Brothers in New Castle, Penn., in 1906, when the motion picture business was in its infancy.

For some time Mr. Zerr and his associates were planning on building a new Theatre in Bay St. Louis, but due to the high cost of construction at this time, it was decided to purchase the Ortte Theatre and to wait until building conditions would be more favorable to erect the new building.

In the sale of the Ortte Theatre it removes from the show business in

Bay St. Louis, Mr. Ed. P. Ortte, who has been engaged therein for the past twenty seven years, as Salesman, manager, publicity manager, district manager, district sales manager, and owner. Mr. Ortte built his present show in 1938, and he and Mrs. Ortte have operated it continuously since that time. Mr. Ortte owns with the American Legion the Legion Theatre at Gulfport, Miss. He also owns four Theatres at Pensacola, Fla., The Twin, The Belmont, The Sky Chief and The Pen.

The new management has announced that they will endeavor to continue to extend to the friends and patrons of the Ortte Theatre the same service, courtesy and good will which they have received in the past, and with a continued policy of good pictures at all times.

MEETING OF CHAPTER ONE OF CHRIST CHURCH GUILD HELD

The regular meeting of Christ Church Guild, Chapter 1 was held on Tuesday of this week at the home of Mrs. C. Newton, Beach Boulevard Waveland.

Mrs. George Lehleitner gave the Devotional and Mrs. L. T. Boyd reported on the Diocesan Council and Women's Auxiliary meeting she attended in Biloxi. She announced the election of Mrs. A. O. Drescher of Bay St. Louis to the State Executive Board as chairman of Church Periodical Club.

Mrs. Lehleitner reported for the committee on Christian Education and announced that the Lenten Study class will meet this year every Friday night at 8 p. m. in the Parish House. The book of Common Prayer will be studied and the Reverend Charles R. Johnson will instruct.

The date of the annual Congregational Dinner was set for Thursday February 17 at 7 p. m. in the Parish House.

World Day of Prayer which falls on Friday March 4 will be observed this year in Christ Church at 8 p. m.

Lt. Albert H. Willumitis Dies At Veterans Hospital In New Orleans

Lieutenant Albert Henry Willumitis, U. S. Army, died at the Veterans Administration hospital in New Orleans on Friday, January 28 following an extended illness.

Lt. Willumitis is survived by his wife Mrs. Marjorie Killeen Willumitis and two young sons Michael Joseph and Albert Henry Willumitis, Jr. He also leaves his parents Mr. and Mrs. Michael K. Willumitis of Windsor, Conn.

Mrs. Willumitis and her father left Saturday with the body for Windsor and the funeral was held there Tuesday morning.

Mrs. Willumitis is the daughter of Joseph Killeen and Mrs. Laura Spori Killeen of New Orleans and former residents of this city. Lt. Willumitis made many friends here where his wife is so well known and his death came as a great shock to all who knew him and Mrs. Willumitis.

MR. AND MRS. ARTHUR SCAFFIDE CELEBRATE TWENTY-FIFTH WEDDING ANNIVERSARY

A number of the friends of Mr. and Mrs. Arthur Scaffide called last Sunday evening to offer congratulations to the couple on the occasion of their twenty-fifth wedding anniversary and several gifts were offered in silver.

Owing to the extreme weather of Sunday their all of the out of town relatives were unable to reach here to be with the couple for the day. Those here for the occasion were Mr. and Mrs. Curtis Matherne and their friends Mr. and Mrs. Tillbrook of New Orleans; Mr. and Mrs. Leo Murtagh and son Jimmy of Port Allen, La.; Mr. and Mrs. Carol Pravat and Mr. and Mrs. Joseph Pravat of Slidell, La.; Mrs. Newburger and daughter of New Orleans.

EMILE J. GEX, JR. AND MISS JUANITA LOVELESS MARRIED SATURDAY MORNING

Miss Juanita Loveless, daughter of Mr. and Mrs. A. P. Loveless, of Picayune, and Mr. Emile Joseph Gex, son of the late Mr. and Mrs. Emile J. Gex of this city, were married on Saturday morning, January 29th, 1949 at 10 o'clock at the home of Mr. Gex's sister Mrs. E. J. Lacoste, in the presence of the two immediate families.

To the tune of the Bridal Chorus from Lohengrin's wedding march played on the piano by Miss Tempie Perkins, niece of the bride groom, the bride descended the stairs, preceded by the maid of honor, and was met by her father who gave her in marriage. Before the mantle arranged with seven branch, candleabras holding white lighted candles and twined with green vines with tall floor baskets holding gladioli and fern on each side, Rev. H. Bufkin Oliver performed the marriage ceremony and the couple plighted their troth with the wedding rings used by Mr. Gex's parents. The bride wore a pale beige suit and carried white gardenias with an orchid in the center. She had as her only attendant and maid of honor Miss Shirley Thigpen who wore a green suit and carried red carnations. Mr. Gex had as his best man Mr. Steele Ansley.

On a table covered with a hand embroidered damask cloth rested a three tiered wedding cake topped with a miniature bride and groom. Mr. and Mrs. Gex cut the first slice in the traditional manner and Mrs. A. M. Dean, Hattiesburg, cut and served the cake.

Miss Loveless is a graduate of Kiln High School and has had a clerical position with the county unit of the State Public Welfare Board. Mr. Gex is a graduate of the Law School of the University of Mississippi and maintains a law office here.

After a wedding trip to Florida the couple will be at home in their apartment 142 main street.

OUR TOWN

By WARREN J. CARVER

There seems to be some misapprehension on the part of those opposed to the adoption of Ordinance No. 118 dealing with the tax on gaming devices that the Commission Council has prevented public action insofar as a popular vote on the question is concerned. It was the intention of the Council—or, rather a two-thirds majority thereof—to put this ordinance in effect immediately so that collection of the tax could begin without the necessity of losing one month's badly needed revenues. In passing this ordinance, too, it was the opinion of those voting for the measure that by far the majority of our citizens would be in favor of such a move. And since we are here to represent the majority, we believed—and still believe—that we acted in a manner that would benefit the community as a whole. However, if the opposition wishes to petition the Council to call an election on the issue, they have the legal right to do so. Section 3771 of the Mississippi Code of 1942 provides that it shall be lawful for 20% of the qualified electors of any municipality by petition to request the submission of any ordinance except such ordinances as may be immediately necessary to the preservation of the public peace or safety or health, to a vote of the qualified electors of such municipality. If the petition is presented, we of course, will submit the ordinance to a vote of the people.

Quite a number of requests have come to us recently for additional street lights at various locations. The requests are reasonable and justifiable because there are certain sections which are badly in need of more lighting. In fact, Webb Street has not a single light. However, the Commission Council will place no additional street lights until such time as it is financially able to do so. As of December 31, 1948, the debt to the Mississippi Power Company for street lighting service was \$10,197.49.

On January 2, 1949, a contract was entered into between the Power Company and the municipality of Bay St. Louis whereby it was agreed that for a period of five years from the beginning of service, and continuing thereafter from year to year unless terminated by written notice from the Commission Council, ninety days or more prior to the expiration of the initial term or any subsequent anniversary date of this agreement, the Company should furnish the street lighting service specified as follows: 290 overhead lamps of 100 watts; and 39 overhead lamps of 250 watts. Additional lights would be supplied and would become subject to the terms and conditions of the contract. At the present time we have a total of 298 100-watt lights and 40 250-watt lights.

It was agreed that the Power Company shall not be required to extend overhead street lighting circuits where the overall average lamp spacing, including the additional lamps, will be more than 500 feet per lamp. Should the city decide to substitute overhead lighting with white way, parkway, boulevard and other lighting installations requiring special types of posts, fixtures, and/or underground cables which are served by the Company, then the City would be required to furnish this special lighting at its own expense. The Power Company would, as it does now, furnish at its expense lamp bulbs and ordinary glass renewals for such lamps.

The charge by the Power Company per year per lamp is \$23.50 for the first forty lamps of 100-watts; \$21.50 per year for each 100-watt lamp after the first forty; and \$24.00 per year per lamp for each 250-watt lamp. This charge is for dusk to dawn illumination service where the average lamp spacing is 500 feet per lamp or greater, and includes the initial installation of overhead lines, standard street lighting fixtures, patrolling, maintenance, and lamp bulb renewals. Where the average spacing of such lamps, determined by dividing the length in feet of actual pole line supporting overhead street lighting circuits owned by the company by the total number of lamps contracted for, is less than 500 feet per lamp, a deduction will be made from the charge for each lamp of 2 cents per year for each foot that the average spacing is less than an average of 500 feet per lamp. Maximum pole line footage called for in the contract with the Power Company amounts to 169,000 feet. Actual pole line footage now in use is 107,085, or a difference of 61,915 feet. As stated above, a deduction of 2 cents per year for each foot results in a net credit of \$1,238.30 per year on the total lighting service charge. At the present time, taking all these facts into consideration, the monthly billing amounts to \$506.64. Once each week the Power Company turns on all lights in order to determine whether or not bulbs have been burned out and need replacing. Since the lights are not metered this lighting represents no additional cost to the taxpayers.

Mrs. Claiborne Ladner Discusses "Christ The Answer In The City Streets" At Missionary Society Meet

Mrs. Claiborne Ladner was in charge of the program at the meeting of the Womens Missionary Society held on Tuesday afternoon at the First Baptist Church.

The theme for the year's study is "Christ The Answer to the World," and Mrs. Ladner discussed the topic "Christ The Answer in the City Streets."

Mrs. Ladner said "Why should we be connected with cities since there are social agencies, great resources, cultural advantages, labor organizations, and churches there already?" "We as Christians have the only answer to problems in city streets—Christ," she continued. Mrs. Ladner pointed out that Christ healed sickness, cleansed sins in the cities and said that Jesus said that His followers were to be witnessed in all the world beginning in Jerusalem, the city.

"Today," Mrs. Ladner said, "City streets witness the recurrent drama of the heart hunger of people in every strata of society and of every economical and cultural pattern."

Mrs. Ladner gave some interesting information on Good Will. Centers and Missions in cities and the opportunities offered by them for self improvement not only for the adults

but for youth as well. "People of the congested areas, people of many nationalities, people who knew not the love of the savior, people who are indifferent and prejudiced, those who are deprived as well as those who fail to see their opportunities are all welcome, and sought by the Good Will Centers. The Water Front and French Quarter in New Orleans, Crowded Polish, Russian and Italian areas of Baltimore, the underprivileged and Spanish-speaking communities of Florida, the foreign settlements in Illinois, the Italian section in Birmingham, and similar areas in other cities, find a lighthouse in their midst. The Good Will Centers do just what their names implies—they radiate good cheer and good will; they give forth the good news that Jesus cares. They make Him real to the people whose lives are touched in them." Mrs. Ladner continued and added "The streets of the city are dirty, the folks may be careless and mean, but if Jesus walks through, with me or with you, how radiant and happy they seem."

The opening prayer was given by Mrs. W. W. Webb and at the close of the discussion the business session was held. Coffee and cake was served at the close of the meeting.

By-gone Days

By Udeff Favre

August, September, 1897

—Miss Nina Cox left for New Orleans for a short visit to relatives and friends.

—A garden party was planned to reduce the debt of the Catholic church, which amounted to slightly over \$600.

—Mr. J. Jules Tomasich, who had been connected with the Bay Mercantile Co., severed his interests in that firm and left with Mr. A. G. Osinach to embark in country journalism of their own in Acadia Parish, La. The new paper was to be called the Chronicle.

—Mr. Joseph Vonau a native of Alsace and a resident of Bay St. Louis for a great number of years died at his home.

—Leonard and Yorke Nicholson, Esq. Poitevent and Edward Fairchild, all of New Orleans, returned to Waveland after a visit of several weeks to Eads and John Poitevent of Pearlport.

—Mrs. K. E. Norton and four children from St. Bernard Parish, La. were guests of the Dillard family. —Luther Ansley resigned his position at the railroad depot to become secretary of the Gulfport Land and Improvement Co., of Gulfport.

—The marriage of Mr. John Le-land Henderson and Miss Marian I. Grimes took place in New Orleans, July 29, 1897, with Judge Gabriel Fernandez of the Second City Court officiating.

—County Clerk E. H. Hoffman was in bed for a while with a severe cold and fever.

—Hon. P. J. Chabbius, mayor of Crowley, La., left after a month's stay with his family at the Ducatel residence.

—Misses Rosa Ames, of Ocean Springs, Sadie Schmidt and Helen Rosenfeld, of New Orleans, and Miss Tenie Riard of Dallas, Texas, after a stay with Miss Lottie Cuneo, returned to their respective homes. Miss Cuneo, accompanied by her mother and sister, planned to leave for New York that week.

—Walter M. Saucier, clerk in the passenger department of the Southern Pacific in New Orleans was married to Miss Fresh of Bay St. Louis.

—Miss Jennie Williams of Biloxi was the guest of Miss Carrie Reems. —Miss Laura Fayard returned from a visit to friends and relatives in New Orleans.

CIVIL RIGHTS

We pointed out a few weeks ago in this column that the Administration's leadership in the House had succeeded in crippling the rules Committee of that body by limiting its power to bottle up and prevent such iniquitous and wild legislation as the Civil Rights bill from reaching the floor of the House. We further predicted that a strong effort would be made to do the same thing in the Senate by doing away with unlimited debate (the filibuster) and thereby permit this type of legislation to come to the floor of that body where it would, also, pass because of its political significance. The fight is now on in the Senate to do that very thing. It is no secret here in Washington that ninety percent of the Members of both branches of the Congress are against the Civil Rights legislation, and a secret ballot were taken on these bills the results would demonstrate this; but on the other hand, because of the pressure from Negro and other minority groups, plus the President's promises, they feel that they must vote for them when they reach the floor.

Aside from the politicians there are many sound-thinking people of both races in all sections of the country who realize that such drastic action as the enactment of this legislation would defeat, rather than bring about the goal which they have in mind—that of a steady but gradual advancement of the Negro race. This is very forcefully illustrated in the following letter which just came to our desk from a prominent New Jersey Negro editor:

"Congressman William A. Colmer
House Office Building
Washington, D. C.
Dear Congressman:

For the past several months I have been a lone Negro voice crying in the wilderness in an effort to paint a true word picture, editorially, of the fine race relations existing in the South between Negroes and Whites, hoping that through my efforts the advocates of Civil Rights, from the President down, would dis-

cover the ultimate harm which might result.

However, it is now apparent that certain groups in this nation have succeeded in pushing the Administration so far out on the Civil Rights umb until nothing can prevent a snow-down on this ill-timed proposal.

You have read my views which were inserted in the Congressional Record by the distinguished Senator from Virginia, Hon. Harry F. Byrd, and you, no doubt, have read excerpts in your local papers.

As a Negro, naturally, I want to see my race enjoy every right, every privilege and every opportunity enjoyed by every other American, but I am convinced by experience and keen observation that he is acquiring these privileges, opportunities and rights as he is capable of utilizing them, and that to enact such drastic legislation now would precipitate the very thing which we are seeking to avoid, racial conflict. The only real, sensible and practical solution to this race problem is a broad educational program.

It might be possible to convince the advocates of Civil Rights that the Negroes and Whites in the South are making rapid progress in finding a workable solution to the so-called race problems, and should be left alone. This might be accomplished by comparing the progress, wealth and achievements of the Southern Negro with that of his Northern counterpart. Concrete examples of Southern racial cooperation and good will should be extensively publicized.

In the past the Northern Negro newspapers have lambasted Southern Representatives in Congress without cause or provocation. However, starting next week The Telegram Newspapers will begin a series of articles on the Senators and Congressmen from the South and their contributions to Negro progress. This assignment will be handled by me personally. I trust that I shall be able to see you during my visit there. Won't you kindly let me know if this will be possible?

Yours truly,
TELEGRAM NEWSPAPERS

Rev. John T. Dearing Reviews "The Big Fisherman"

There was a large group out on Tuesday afternoon for the review by Rev. John T. Dearing of "The Big Fisherman" at the Episcopal Parish House under the auspices of the Bay St. Louis-Hancock County Library Board.

Dr. Dearing classed the book as the best of Lloyd Douglas' many books and stated that Douglas has said that this is his best book and in the future he will devote his writing to stories and articles.

Mr. Dearing said "The book is not just a story of Peter, it is not just a story of Jesus; it is not just a love story but is an intimate story of the life of the people of that period."

After taking his listeners through the historical and biographical part of the book he then told in a most interesting manner the story of Peter, "The Big Fisherman," and of his meeting with Jesus, and how Peter was brought face to face with the great works of the Savior during His mission on earth.

Mr. Dearing closed the review with a quotation from Peter who said "Last night in a dream I saw the King. He was standing on a high hill gazing entreatingly across the mountains and seas and I heard Him saying in sorrow 'Ye would not come unto me that ye might have life.'"

PRISONER OF WAR CLAIMS

Certain private organizations are still soliciting money from veterans who were once prisoners in Japanese camps to finance claims arising from maltreatment and inadequate food in violation of the Geneva Convention of 1929. It is believed that veterans who were prisoners in Japanese camps should have the following information in connection with their claims.

The 80th Congress enacted Public Law 896 which provided for the establishment of a War Claims Commission. This commission was authorized to receive claims filed by any former prisoner of war and provide for the payment of compensation at the rate of \$1.00 per day for each day that he was a prisoner on which the enemy government failed to provide him with the quantity of food to which he was entitled under the terms of the Geneva Convention of 1929. In case of death of the veteran, provision was made for the payment of compensation to his heirs.

The War Claims Commission has not been set up. None of the members of the Commission have been appointed by the President. Even if the Commission had been appointed, it appears that it could not function since money was not appropriated by

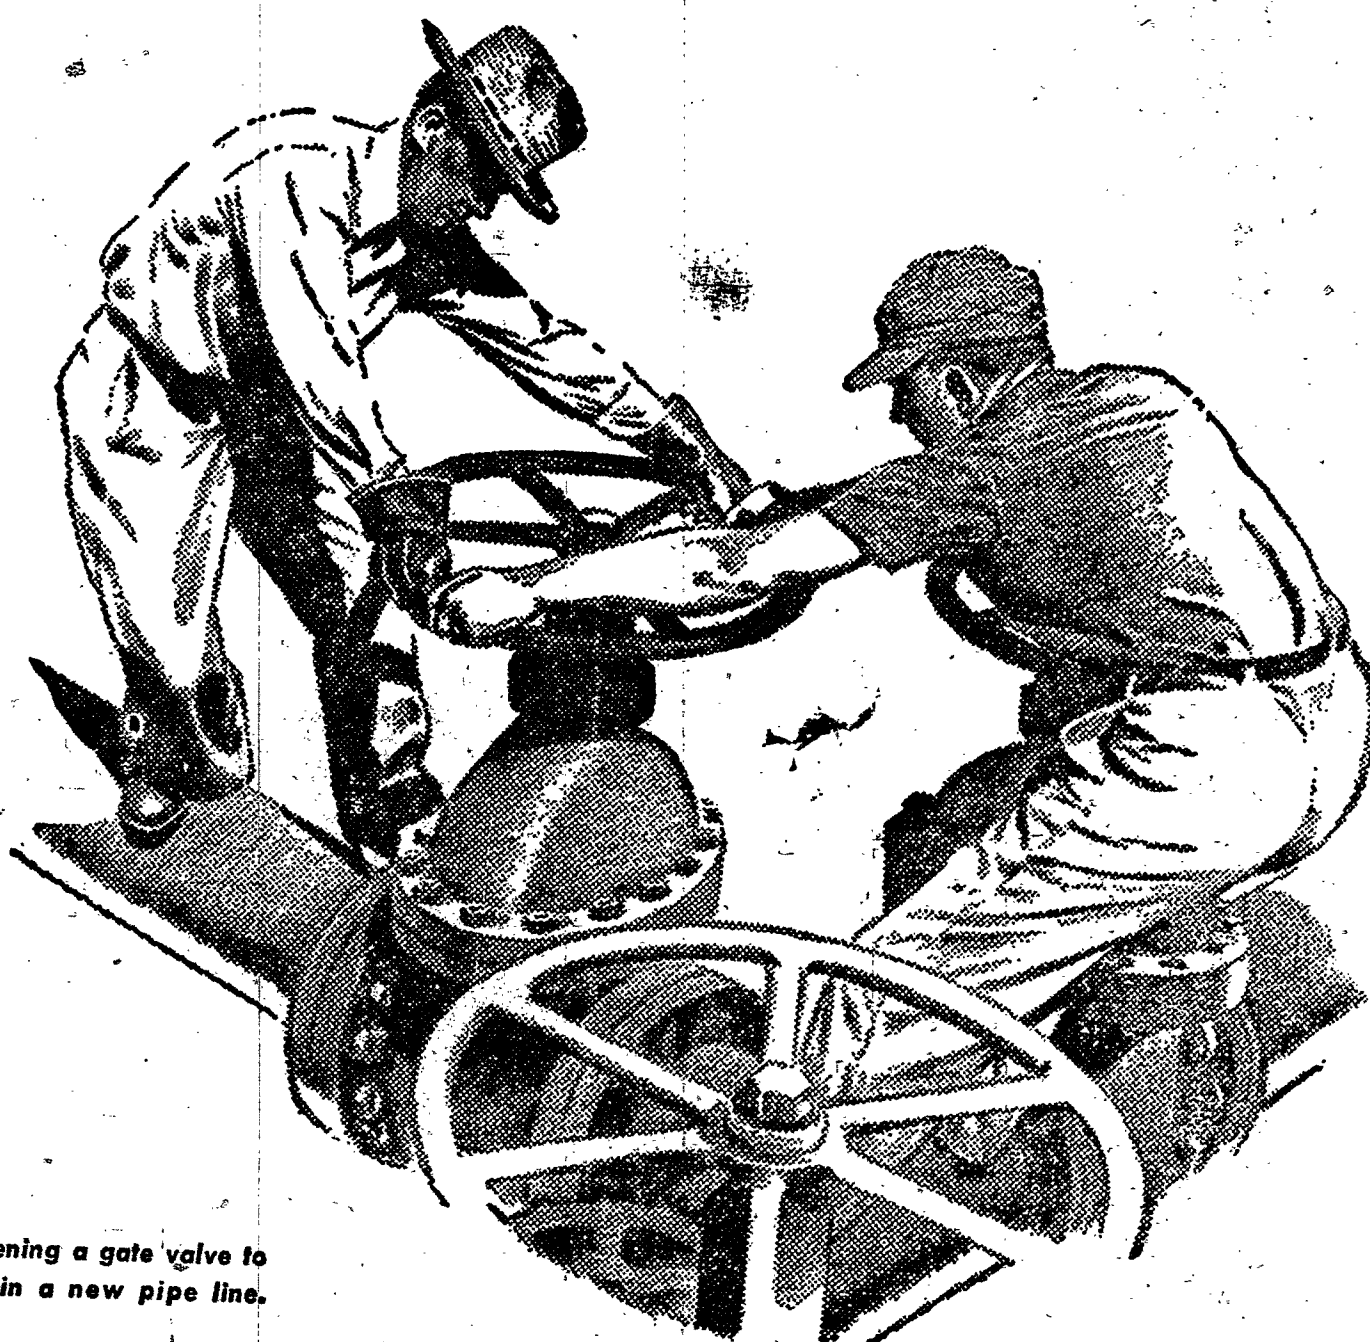

Congress to pay these dollar a day ration claims. It is therefore apparent that until something is done by the new Congress these former prisoners of war are still out of luck.

Former prisoners of war should also bear in mind that, under the law setting it up, the War Claims Commission, when it begins to func-

tion, will have authority to consider and adjudicate "ration claims" only. No machinery has been set up by Congress to consider individual claims of prisoners of war for maltreatment or property losses.

Opening a gate valve to tie in a new pipe line.

6 GOES INTO 18 *Hundreds* OF TIMES

Yes, in hundreds of locations on the United Gas system, pipe lines of two to twelve inches in diameter have been "tied in" to main transmission lines measuring from eight to 24 inches in diameter. Some of the smaller lines bring additional gas to the system, adding new sources of supply for our customers. Some take gas out of the system, which means dependable natural gas service is provided for still more homes and factories. In many instances, it is necessary to make the connection without interrupting the flow of gas through the main line, a process pipeliners call "hot tapping." This is one of many functions of the United Gas organization...all of which have the ultimate purpose of assuring a continued dependable supply of natural gas to our customers.

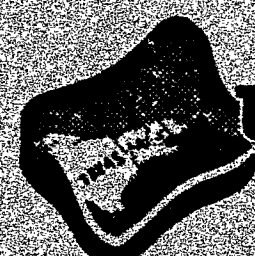

Cutting a hole from two to twelve inches in diameter in a pipe full of high pressure natural gas is "touchy" business.

A short stub of pipe is welded to the side of the line before the hole is cut. To the stub is connected a gate valve and a machine that extends a long-shafted bit through the gate valve to the side of the line to be entered.

The bit cuts a circular section from the larger pipe and removes the section through the gate valve.

After the valve is closed, the "tapping" machine is removed, the new smaller line is flanged up to the valve, and the line is ready for service.

AN ORDINANCE NO. 118

AN ORDINANCE TO DISCOURAGE PROFESSIONAL GAMBLING AND THE OPERATION OF GAMBLING PLACES AND BUSINESSES IN THE CITY OF BAY ST. LOUIS, IMPOSING AND LEVYING TAXES UPON ALL PERSONS ENGAGED IN OPERATING ANY GAMBLING GAME AS A BUSINESS FOR PROFIT, OR OPERATING ANY PROFESSIONAL GAMBLING PLACE OR ESTABLISHMENT; PROVIDING FOR THE ADMINISTRATION AND ENFORCEMENT OF THIS ORDINANCE; PROVIDING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE; AND FOR OTHER PURPOSES.

WHEREAS, the Mayor and Board of Commissioners of the City of Bay St. Louis have determined that the laws and ordinances of the City of Bay St. Louis, prohibiting the unlawful possession and operation of games or gambling tables, commonly called A. B. C. E. O. Rouge et noir, Roredo, Slot Machines and other games or gambling devices, by reason of the attitude, feeling and sentiment on the part of a large segment of the citizenry of the City of Bay St. Louis, Mississippi, whose support is absolutely essential to the enforcement of such laws and ordinances, are ineffectual in discouraging and prohibiting the possession and operation of gambling devices in the City of Bay St. Louis, and that as a result of such general violation of the law, there now exists a condition that is detrimental to the general well-being of the citizens of the community; and,

WHEREAS, it is the belief of the Mayor and Board of Commissioners of the City of Bay St. Louis that such unlawful possession and operation will be impeded by the levying of taxes upon such undertakings, and that thereby the relief which cannot be obtained by ordinary criminal, legal process can thus be obtained; and,

WHEREAS, it is the declared policy of the City of Bay St. Louis to correct and eliminate as rapidly as possible, the condition aforementioned, and to discourage the unlawful possession and operation of gambling devices such as A. B. C. E. O. Rouge et noir, Roredo, Slot Machines, and other games or gambling devices, etc., and the Board of Mayor and Commissioners being of the opinion, that by virtue of the police power vested in the City of Bay St. Louis, that the council has the right and authority to make, ordain, and declare the following:

BE IT THEREFORE ORDAINED

by the Mayor and Board of Commissioners of the City of Bay St. Louis, in regular session convened, as follows, to-wit:

SECTION 1: There is hereby imposed and levied upon every person, co-partnership, or corporation engaged or conducting within the corporate limits of the City of Bay St. Louis, in the possession, control or operation of any of the devices hereinabove mentioned, which by reason of the manufacture or operation are capable of being used for gambling, or any other game of chance, and which, from their nature, are classified by the general laws of the State of Mississippi as gambling devices, a tax which shall be in the following sum, to-wit:

On each and every gambling device herein mentioned, an annual tax of \$60.00, being based upon a monthly tax of \$5.00 per month, but payable in quarterly installments. Said tax is levied for each and every quarter of operation or fractional part thereof, in advance, and which sums shall be collected in the manner hereinafter provided.

SECTION II: The provisions of this ordinance shall apply to all of the activities, businesses and operations hereinabove enumerated and defined, which are prohibited either under the ordinances of the City of Bay St. Louis, or the laws of the State of Mississippi or the United States of America.

SECTION III: The administration of this ordinance shall be vested in and exercised by the City Assessor and Tax Collector, and payments of sums due hereunder shall be paid by the person, co-partnership, or corporation liable therefor, as hereinabove provided in the office of the City Tax Assessor and Tax Collector, in advance, and before the first day of each month and before engaging in any unlawful above set forth. The payments so received by the City Assessor and Tax Collector shall be handled and accounted for in the same manner as the taxes collected by him.

SECTION IV: To facilitate the administration of this ordinance, the Tax Collector is hereby authorized to prescribe the method and procedure governing the collection of the tax and the administration of the provisions of this ordinance, and any person, co-partnership or corporation liable for the tax hereby levied and imposed, and who may fail to pay the tax as and when due, shall be liable for a penalty in the sum of double the amount of the tax due from such person, co-partnership, or corporation.

SECTION V: The payment of any sum required hereunder, or the

issuance of any receipt for any payment, shall not make lawful any business, employment, transaction, activity or enterprise, which is contrary to, or violative of any of the laws of the State of Mississippi, or any ordinance of the City of Bay St. Louis, and nothing herein contained shall be construed as legalizing the operation or possession of any gambling device herein referred to; nor shall it make lawful any other unlawful act prohibited by the State of Mississippi and the ordinances of the City of Bay St. Louis.

SECTION VI: The tax imposed by this ordinance shall be in addition to any other tax or penalty imposed by law.

SECTION VII: This ordinance is declared to be cumulative and supplemental to any and all other ordinances pertaining to or governing the subject matter hereof, and shall not in anywise amend or repeal any existing ordinances of the City of Bay St. Louis.

SECTION VIII: If any section, paragraph, clause, or sentence of this ordinance be declared illegal or unconstitutional, or in conflict with the existing laws or ordinances of the State of Mississippi or the City of Bay St. Louis, or other paramount authority, it shall not impair the validity of the remainder of the ordinance, but all other provisions hereof shall remain in full force and effect.

SECTION IX: That any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and on conviction, shall be fined not more than One Hundred (\$100.00) Dollars, or imprisoned for not more than thirty (30) days, or both such fine and imprisonment, and each violation of this ordinance shall be construed as a separate offense.

SECTION X: That this ordinance, the public welfare and necessity so requiring, shall take effect and be in force immediately after its passage and adoption, without delay, for time for publication of same.

COUNTY AGENT NOTES

Order fertilizer now for the 1949 cropping season. Extension leaders advise.

By placing orders early, farmers will have a better chance of obtaining the fertilizer grades wanted as well as the amounts.

Nitrogen, in particular, will continue to be scarce this year, according to a recent United States Department of Agriculture supply report. Instead of a 10 percent increase in the nitrogen supply, as estimated earlier, supplies for the current fiscal year will level off at about a seven percent increase.

Unforeseen operating difficulties and production problems have tended to curtail nitrogen output at a few plants. This reduced production appears to have affected particularly the supplies of nitrogen solutions available for mixed fertilizers in the East and South.

Phosphate supplies are expected to increase five percent and potash supplies 10 percent for the current fiscal year.

Woman's old problem
relieved by 2-way help

What to do for woman's old problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI'S 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional monthly pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

cattle lice, and such control will make the grazing or feed program pay bigger dividends, according to L. C. Murphee, Extension entomologist.

Cattle lice cause lower milk production, less gain in beef animals, slow growth in calves and a general unthriftiness of the whole herd. Control is cheap and simple.

Benzene hexachloride is an effective control material used as a spray or dip, and will kill the egg as well as the adult lice. Mix one pound of six percent gamma benzene hexachloride wettable powder to 25 gallons of water. This should not be used on milking cows because of the odor.

Another spray or washing preparation is one-half percent DDT, made by mixing one cupful of 50 percent DDT to three gallons of water. This will not kill the eggs of the lice, but the residue will last and kill the lice when they hatch.

A third effective and cheap control is to dust cattle thoroughly with one half to one percent derris dust, making two applications 15 to 18 days apart. This material can be applied with a garden duster, cotton duster or a fruit jar with holes in the top.

SAFETY IN 1949

Plans for the farm year ahead should include safety for all members of the family, Extension leaders point out.

Check periodically to locate hazards and remove them to make safer working conditions is a primary suggestion.

Consider safety features in farm buildings and structures when planning to build or remodel.

Handle poisons and explosives carefully, keeping them well labeled and out of reach of children.

Regardless of the emergency, do not permit young children to operate or ride upon farm machinery. Keep shields in place on power machinery at all times, and observe the rules for safe operation.

Speak to animals when approaching them, and be especially cautious around bulls.

Keep guns unloaded and out of reach of children.

Encourage members of the family and neighbors to work, play and drive safely.

Home Demonstration Club
Elects Officers For 1949

Fifteen members of the Bay-Waveland Home Demonstration Club met with their Agent, Miss Madge Allred, on Monday afternoon, January 24th at the home of Mrs. H. A. Oxenham. Officers elected for 1949 are President, Mrs. G. S. Kennedy; Vice President, Mrs. H. A. Thompson; Secretary-Reporter, Mrs. J. D. Husband; and Treasurer, Mrs. P. J. Treutel.

Hostesses for the monthly meetings were named, and the program outline was discussed. Some of the plans for the year include demonstrations on hook rugs, re-caning chairs, dry cleaning, and stenciling. The subject for the day was "Short Cuts and Tricks in the Kitchen." A mimeographed list of "hints" was handed to the members by Miss Allred. The possibility of making aluminum trays and down comforters was discussed.

Cake and ice cream, cookies, candies and cakes were served by the hostess.

1949 Futuramic "88" Oldsmobile

Oldsmobile's 1949 Series "88" Futuramic Town Sedan offers prospective owners an entirely new body style. The new model has the same streamline styling enjoyed by owners of club sedans, yet it has four doors.

Powered by Oldsmobile's new high-compression "Rocket" engine, the Series "88" excels in performance as well as in styling. The new engine has a compression ratio of 7.25 to 1 and develops 135 h.p. GM Hydra-Matic Drive, providing fully automatic shifting in all forward speeds, is standard equipment in 1949 on the Series "88" line.

CHILDREN'S DENTAL
HEALTH DAY

February seventh has been designated as Children's Dental Health Day by the Mississippi Dental Association Council on Dental Health, in line with the program of the American Dental Association.

Dentists, organizations, and individuals throughout the state are co-operating in an intensive effort to promote better health for Mississippi children.

Four schools in the state have already reached 100 per cent in dental corrections.

Is your child's mouth OK? If not, help him to reach the best possible mouth health by sending him to your dentist during this week.

Broke All Records in '48

to bring you more and better service

Milestones of
Progress in Mississippi
in 1948:

COMPLETION OF \$13,480,000 of construction to improve and expand your telephone service.

MORE THAN 45,600 new telephones installed in cities, towns and farms in Mississippi.

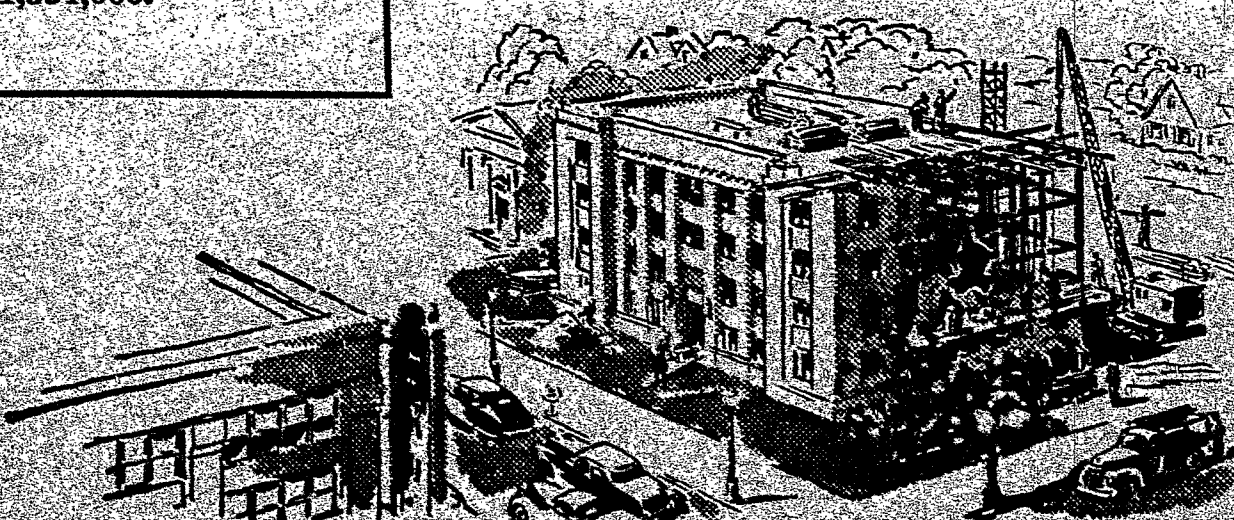

LONG DISTANCE SERVICE expanded by addition of more than 258 new circuits. (Now more than 8 out of 10 long distance calls are completed while you hold the line.)

125,000 MORE LOCAL CALLS handled each day—bringing average daily total to 1,354,000.

The job of improving and expanding your telephone service moved ahead at a record-breaking pace in 1948—in spite of rising costs all along the line that continued to keep telephone earnings at an extremely low level.

There is still much to be done to meet Mississippi's increasing demands for telephone service. New buildings or building additions and huge quantities of new equipment are needed. We are anxious to go forward with plans to further improve and expand service during 1949 and we shall do so, if telephone earnings are sufficient to attract the necessary new capital.

MAKES PLANE TRIP TO CALIFORNIA

It is said that this is the age of youth but neither age nor youth was considered when Miss Nettie Koch boarded a plane for Orange, California, to visit her nephew Alfred Lutken. "Aunt Nettie" long past the three score and ten allotted to human beings was urged by her nephew to leave the home in Logtown, or Bogahoma, where she had lived all of her life and visit him in California. Another nephew, Peter Lutken of Jackson, wanted to give her a drawing room on the Sunset Limited but Aunt Nettie protested that she did not want to spend all of that time enroute and would much prefer the plane trip. It was decided that she would leave New Orleans but the weather man stepped in and threatening weather seemed to stand in the way of safe plane travel but when this was brought up she said to her nephew "Telephone the air port adn if the plane is leaving I am leaving with it." and at the appointed time Miss Koch boarded the plane for the West Coast. Mr. and Mrs. Peter Lutken came down from Jackson to see her off and she left in high glee.

"Aunt Nettie" arrived safely and is enjoying her visit. She is scheduled to return by automobile.

"Pulp and Paper Industries Contribution to Southern Forestry" Theme of Montgomery Conference

The Southern pulp and paper industry meets at the Atlanta Biltmore Hotel, Atlanta, Georgia, February 9 to consider methods of extending its efforts to grow more trees throughout the region. The industry formed the Southern Pulpwood Conservation Association in 1939, which now represents in its membership 90 per cent of all pulpwood cut in the South, to activate the program, according to its Forester, H. J. Malsberger.

The President of the Association, R. F. Weston, Chief Forester of Hollingsworth & Whitney Company, Mobile, Alabama, will preside at the annual meeting. In addition to reports of the Association's officers, the morning program will include a discussion of hardwoods relating to their growth and possible increased use by the pulp industry. Dr. I. T. Haig, Director of the Southeastern Forest Experiment Station, Asheville, N. C.; J. H. Johnson, Forester for the Chesapeake Corporation of Virginia; and D. J. Weddell, Dean of the Peabody School of Forestry, University of Georgia, will speak on these subjects.

● Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste—a "make-work" program which would mean fewer improvements and higher costs—for YOU!

Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.

Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.

No Benefit To You

Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Engineers want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.

The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in cutting through this feather-bedding scheme, because it would mean a slowing up of the improvement program of the railroads—of which the diesel is the outstanding symbol. Diesel crews are among the highest paid

railroad employees—real aristocrats of labor! Their pay is high by any standard. Granting of these demands, therefore, would mean that the railroads would be paying out millions in unequaled wages to those in the very highest pay brackets.

We'd Like To Spend This Money On You

You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.

Proud as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of

tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on many other less conspicuous details of railroading that contribute to improved service.

Feather-Bedding Means Less Service To You

But brazen feather-bedding schemes like the one now proposed would, if successful, divert huge sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive. These demands are against your interests—as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.

That's why the railroads are resisting these "make work" demands to the last ditch—and why they are telling you about them.

SOUTHEASTERN RAILROADS

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

In every part of the nation more than 2,200,000 boys and their adult leaders, will observe Boy Scout Week, Feb. 6th to 12th, marking the 39th anniversary of the Boy Scouts of America. The theme of the celebration is "Adventure—that's Scouting!" This year the movement is emphasizing the fun and fellowship its members get out of the game of Scouting. More high adventure is planned in the out-of-doors. Their adventure in citizenship will find Scouts emphasizing civic service activities, emergency service training and world Scouting relationships. During Boy Scout Week, Scouts, their parents and countless communities will honor the volunteer adult leaders of the nation's 70,000 Cub Packs, Scout Troops and Senior Units. Above is the official poster marking the Scout birthday.

Additional Equipment Received By Mississippi Forest Service in Hancock County

On Tuesday, January 18, 1949, a 1948 Jeep, with break plow and short wave radio, was received in Hancock County to be used in suppressing forest fires. Several more of these units are expected in the very near future.

There are fourteen men and one woman employed by the Mississippi Forest Service in Hancock County. These employees are divided into four crews of three men each.

There are three State Fire towers in the County. One in Sellers community, manned by Chanley Smith, a long time employee of the Mississippi Forest Service, who has been employed at his present position since October 20, 1934. Rocky Hill Tower, located about three miles north of Kiln in Section 12, Township 8, Range 15, is manned by Emmett Ladner, who is also dispatcher for Hancock County crews. Weston Tower, located in Weston Community in Section 34, Township 8, Range 16, is manned by Mrs. Jenevia Favre, the only woman employee. Hancock County has three F. M.

Shortwave radio units, two mobile units, used in dispatching crews to fires detected by towermen, are gradually taking the place of the old telephone communication system. The public is invited to visit and inspect these towers and other equipment at any time.

The outlook for Hancock County is bright it is good for dairying, poultry, vegetables, and other agriculture products, and although the supply at the State Nursery was limited this year, the planting of trees should not be overlooked. There will be plenty of seedlings next year.

During the fiscal year, 1947-48, 26,636,000 board feet of lumber was sawed and 23,551 units of pulpwood was cut in Hancock County. This output could be doubled if it were not for two great handicaps, destructive cutting and wild FOREST FIRES. All that a limited budget will allow is being done to curb both. Nature needs only a little help to keep Mississippi forests growing forever. Fire protection and timber harvesting methods which leave

plenty of seed trees are man's responsibility. The two cannot be separated. Without fire protection, forest management is futile. Woods fires occurring year after year prevent young trees from reaching marketable size, and can leave the land barren, as can be seen in some parts of Hancock County.

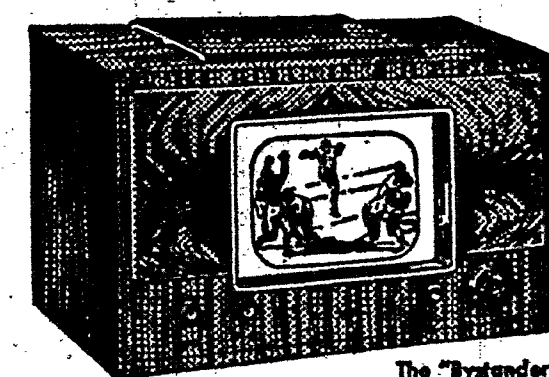

Mother Nature will continue to endow Hancock County with a comparatively rich heritage in jobs and income if the Forests are protected.

Members of the communities can assist by suppressing small fires by calling the Forest Service in case of Forest Fires that are of a wild nature, also by notifying the Area Ranger of Timber Harvest violations. Fires may be reported by calling Bay St. Louis, phone No. 2102. In order to contact the Area Ranger, write T. V. Marlar, Box No. 358, Pass Christian, or phone 2102, Bay St. Louis.

—Mrs. Alfred Daniels, Sr., and two youngest children Wayne and Betty Yvonne of New Orleans, La., were visitors in Bay St. Louis with her son and daughter-in-law Seaman and Mrs. Alfred Daniels II, and their two baby daughters Rebinell and Carlotta of Pearl Harbor.

—Shelton Bell who is attending Taylors Trade School in Chicago, Ill., has been visiting his mother Mrs. Lucy Bell. He reports a successful course in the school and plans to return home soon after it has been completed.

—The veteran civic organization sponsored a rally and banquet at the St. Rose De Lima Auditorium on Tuesday night, January 25th. The meeting opened with officers: Mrs. George Polloade led the group in singing "The Battle Hymn of the Republic," followed by prayer by Rev. M. P. Johnson. Mr. Melvin Altman made a report on hospital activities. Mrs. Lucy Bell read the constitution of the organization. The membership roll was called by Mrs. Marguerite Bennett. Mr. Reginald Robinson presented Rev. M. P. Johnson, Pastor of the Valena C. Jones Methodist Church who addressed the group using as his subject "Education For Citizenship." Following this part of the program was the banquet service under the efficient leadership of Miss Deloris Curry, Mrs. Marie Jenkins, Miss Emelda Curry, Mrs. Lillian Reed, Mrs. Amanda Sylvester, Mr. Albert Curry, Mr. Nathan Little and Mr. Leopold Robateau.

Taking their conference game as they come the two Bay St. Louis High School basketball teams, are still making a favorable showing in spite of stiff competition. On Friday

night Valena C. Jones High School met Picayune High here in the St. Rose gym. V. C. J.'s girls although much outclassed in height played a hard game and lost 32 to 23. The boys' game was on the loose, right there, for either team, but Picayune grasped first, with fake passwork and quick shooting, crowded the baskets frequently enough to take the victory 56 to 46. Wilber Dawsey of V. C. J. was high point scorer of the game with 29 points.

On the same night St. Rose travelled to Moss Point for their first out of town game of the season. With just enough courage in strange surroundings St. Rose girls won 22 to 21. St. Rose Varsity boys quitted kept themselves well in the limelight by winning their game 41 to 32. The junior boys' team failed to bring home any honors, as they lost 25 to 10.

H. Stuart Stevens and
Miss Georgia Rose Staehle
Married Sunday

Miss Georgia Rose Staehle, daughter of Mr. William A. Staehle of this city and Mr. Forrest Milner Stevens, son of the late Mr. and Mrs. H. Stuart Stevens of Hattiesburg, were married at 2:30 o'clock on Sunday afternoon, January 30, 1949, at our Lady of the Gulf Catholic Church, the Right Reverend Monsignor A. J. Gmelch performing the ceremony.

The bride, who was given in marriage by her father, wore a wedding gown of white slipper satin made with a full skirt which fell in a semi train. The tight fitted bodice, buttoned in the back had a yoke of silk net with the lower edge finished with applied embroidery with insets of designs in the form of orange blossoms made of seed pearls. The long sleeve finished with a point over the hand. Her shoulder length veil of illusion fell from a tiara of seed pearls. She carried a cascade bouquet of white Roman hyacinths; two white orchids centered it. Her only ornament was a string of pearls a gift from the bridegroom. The bride had as her only attendant, her sister Miss Marie Therese Staehle, who wore a dress of jade taffeta made with a long, full skirt with the panniers at the hip line, the neck was finished with

a drape off the shoulder effect. She carried a small cascade bouquet of yellow rose buds with a wreath of the same flowers in her hair.

Mr. Stevens had as his best man his brother Mr. H. Stuart Stevens. Following the ceremony a reception was held at Hotel Reed where Mrs. H. Stuart Stevens, stepmother of the bridegroom, Miss Elsie Spurl, cousin of the bride and Mr. Staehle were receiving with the bridal party.

A three tiered wedding cake topped with a miniature bride and bridegroom rested on a table covered with a white lace cloth and completed with arrangements of spring flowers and lighted candles in silver holders. The bride cut her cake and the ring was found by Miss Betty Herlihy of Waveland.

For going away the bride wore a Champagne wool coat suit with a dark blue silk blouse, small dark blue hat, and an orchid corsage.

Mrs. Stevens is a graduate of St. Joseph Academy and attended the University of Mississippi. Mr. Stevens is a student in the school of Journalism at "Ole Miss."

After a wedding trip to Houston, Texas, the couple will be at home in their apartment at Oxford, Miss.

Roger J. Reinike, U.S.M.C. and
Miss Gloria Seymour Married
At Gulfport Thursday Afternoon

Miss Gloria Seymour, daughter of Mr. and Mrs. W. A. Seymour of Gulfport and Pfc. Roger J. Reinike, USMC, son of Mr. and Mrs. Wadsworth Reinike of this city, were married on Thursday afternoon of last week in St. John's Catholic Church in Gulfport, Reverend Monsignor H. A. Spengler performing the ceremony before an altar banked with white gladioli and fern.

The bride was given in marriage by her brother-in-law Guy Woodcock and wore a suit of Navy blue gabardine, with white and Navy accessories. She carried a shower bouquet of white roses, stock and lilacs of the valley centered with orchids. Her only ornament was a crystal rosary belonging to the bridegroom's mother.

She had as her only attendant her cousin Miss Doris M. Collins and Mr. Reinike had as his best man his uncle, John Colan. Ushers were Raymond Drew and Billy Collins. Altar boys were Bernard Papania and Albert Nescise.

Mrs. R. B. Meadows played a program of nuptial music and the traditional wedding marches. "At Dawning" and "Because" were sung by Shafie Noira.

A reception was held at the home of the bride's parents, where the couple were assisted in receiving by their parents. Arrangements of gladioli and fern decorated the reception rooms. The bride's table was laid with a lace cloth and centered with a square, three-tiered wedding cake topped with a miniature bride and groom. White gladioli and fern surrounded the base of the cake and to complete this white tapers were lighted.

The cake was cut by the bride and

groom and was served by Mrs. N. Collins, Mrs. L. Reinike. Miss Pat Evans presided at the punch bowl and Miss Pat Caramella was in charge of the register.

After a short wedding trip Mrs. Reinike will be at home with her parents and Pfc. Reinike will return to duty at Camp Lejeune, North Carolina. Many out of town guests and relatives were present at the wedding.

Mrs. Reinike is a graduate of St. John's School, Gulfport, class of 1948 and is employed by Dr. C. A. Walker, Jr., Pfc. Reinike graduated from St. Stanislaus in the class of 1948.
